Advanced Forming Cream

CREAM STYLING / PLIABLE CONTROL / NATURAL FINISH

An advanced forming cream that makes day-to-day styling effortless with a natural, touchable finish. The smooth, creamy emulsion spreads without tugging, builds gentle definition, and tames flyaways for tidy, lived-in looks. Flexible and reworkable throughout the day; shampoos out cleanly.

WHO IS IT FOR:

Short to medium lengths; all hair types – especially normal to coarse or dry-prone hair that benefits from control, softness, and light polish. Ideal for textured crops, undone brush-backs, natural separation, and lived-in definition.

HOLD: Medium and flexible

FINISH: Matte/natural finish

KEY SELLING POINTS:

- Medium, brushable hold that stays pliable
- Natural finish – controlled, not crunchy
- Smooth application; helps reduce frizz and tame flyaways
- Adds soft definition and separation without stiffness
- Reworkable throughout the day
- Cleans out easily with regular shampoo

KEY INGREDIENTS (see page 18):

Candelilla Wax: A plant-based structuring agent that adds hold and shape without heaviness. Helps control flyaways and build separation with a low-gloss finish.

Beeswax: Provides a flexible, durable hold for versatile styling without stiffness or flaking. Helps reduce moisture loss and adds structure without unwanted shine.

Carnauba Wax: Plant-derived wax that adds structure to styling products. Increases hold and humidity resistance while contributing to a natural, non-greasy finish. Supports definition and long-lasting control without stiffness.

Hydrogenated Microcrystalline Cera: Known for its smooth texture and excellent binding capacity, it enhances product stability, improves reworkability, and supports long-lasting control in waxes and creams.

USAGE INSTRUCTIONS:

- I. Prep (optional): For extra lift/texture, mist Refined Salt Water as a primer, then air-dry or blowdry for volume and a drier base before cream. (Salt sprays play well under stylers and boost lift.)
- II. Amount: Start with a fingertip's worth (small scoop); warm fully between palms. Layer in small passes until the control feels right.
- III. Apply: Work through dry hair for more texture and control, or towel-damp hair for a smoother, sleeker result.
- IV. Style: Comb to shape for tidy lines, or rake with fingers for a looser, natural look.
- V. Build & refresh: Add small amounts as needed. Rework anytime; a light mist of water or a touch more cream revives slip and hold.

INGREDIENTS: L-1333G

Aqua (Water), Petrolatum, Polyglyceryl-3 Polyricinoleate, Euphorbia Cerifera Cera, Ceteareth-22, Cera Alba, Isopropyl Myristate, VP/VA Copolymer, PEG-40 Hydrogenated Castor Oil, Hydrogenated Microcrystalline Cera, Sorbitol, Alcohol Denat., Copernicia Cerifera Cera, Parfum (Fragrance), Phenoxyethanol, Polyquaternium-10, Pinene, PEG-14M, Limonene, Ethylhexylglycerin, Linalool, Linalyl Acetate, Terpinolene, Silica, Benzyl Alcohol, BHT.

Carnauba + Candelilla Wax Medium Hold & Medium Shine

Medium, brushable hold that stays pliable

Natural finish – controlled, not crunchy

Smooth application; helps reduce frizz and tame flyaways

Adds soft definition and separation without stiffness

Reworkable throughout the day

Cleans out easily with regular shampoo

60 ml. glass jar

Upgraded Signature Clay

A CLAY WAX STYLING / FIRM, FLEXIBLE HOLD / MATTE FINISH

A modern clay wax that builds natural, touchable texture with a shine-free, matte finish. The upgraded, water-based formula grips instantly, lifts at the roots, and helps absorb excess oil – so styles look clean, full, and controlled from morning to night. Reworkable throughout the day. Rinses out easily.

WHO IS IT FOR:

Short to medium lengths; fine to thick hair. Ideal for textured crops, undone brush-backs, natural separation, and lived-in definition.

HOLD: Firm and flexible

FINISH: Matte

KEY SELLING POINTS:

- Provides Firm & Flexible Hold
- Delivers a Matte Finish
- Adds Texture and Definition for a Sculpted Look
- Water-based; washes out easily
- Perfect for Daily Use and Versatile Styling
- Reworkable throughout the day

KEY INGREDIENTS:

Beeswax: Provides a flexible, durable hold for versatile styling without stiffness or flaking; helps reduce moisture loss and adds structure without unwanted shine.

Sea Buckthorn: Antioxidant-rich botanical that supports hair's look and feel, helping styles appear fresh while the clays do the mattifying.

Kaolin: Oil-absorbing clay that adds body, grit, and a dry, matte texture.

USAGE INSTRUCTIONS:

- I. Prep (optional, extra lift/texture): Mist Refined Salt Water from roots to ends. Air-dry for natural texture or blow-/rough-dry for maximum volume and a drier, matte base.
- II. Start with a fingertip's worth (small scoop), emulsify between palms until clear. Layer in small passes until the hold and texture feel right.
- III. Apply: Work through dry hair for maximum texture and matte control, or towel-damp hair for a softer, natural look.
- IV. Define: Twist, pinch, or rake through to shape. Add small amounts as needed.
- I. Pro tip: For a big root lift, spray Refined Salt Water at the roots and rough-dry first; finish by detailing mids/ends with clay on your fingertips.

INGREDIENTS: L-1886C

Aqua (Water), Cera Alba, PEG-40 Hydrogenated Castor Oil, Synthetic Beeswax, Kaolin, Polysorbate 80, Copernicia Cerifera Cera, Cetearyl Alcohol, Ricinus Communis Seed Oil, Glycerin, PEG-7 Glyceryl Cocoate, Parfum (Fragrance), VP/VA Copolymer, Pinene, Sodium Benzoate, Punica Granatum Seed Oil, Phenoxyethanol, Butylene Glycol, Limonene, Linalool, Potassium Sorbate, Caprylyl Glycol, Hippophae Rhamnoides Fruit Extract, Tocopherol, Linalyl Acetate, Helianthus Annuus Seed Oil, Terpinolene, Benzyl Benzoate, CI 12010, CI 26100, CI 47000.

Beeswax + Sea Buckthorn Strong Hold & Matte Finish

Provides Firm & Flexible Hold

Delivers a Matte Finish

Adds Texture and Definition for a Sculpted Look

Water-based; washes out easily

Perfect for Daily Use and Versatile Styling

Reworkable throughout the day

60 ml. glass jar

Texture Clay Pomade

A CLAY POMADE STYLING / MEDIUM, REWORKABLE HOLD / TRUE MATTE FINISH

A high-grip clay pomade that delivers textured, defined styles with a true matte finish. The lightweight wax-clay blend grips fast, lifts at the roots, and helps absorb excess oil for clean, touchable volume. Reworkable through the day and rinses out without residue.

WHO IS IT FOR:

Short to medium lengths; fine to thick hair. Ideal for textured crops, messy fringe, choppy layers, and lived-in separation with zero shine. Especially good for finer hair that benefits from oil control and root lift.

HOLD: Medium and reworkable

FINISH: True matte

KEY SELLING POINTS:

- Builds visible texture and separation without stiffness
- Medium hold that stays flexible and brushable
- Matte finish that reduces unwanted shine
- Helps absorb excess oil to keep hair looking fresh
- Smooth application; no tugging or stickiness
- Rinses out easily with water; no heavy build-up

KEY INGREDIENTS:

Kaolin Clay: Structure and texture, enabling easy styling of hair. Its fine, smooth particles create a natural matte finish, which is highly desirable for modern, understated looks. Sourced naturally, kaolin clay is biodegradable and aligns with environmentally conscious consumer preferences.

Beeswax: Provides a flexible, durable hold for versatile styling without stiffness or flaking; helps reduce moisture loss and adds structure without unwanted shine.

Vitamin E (Tocopherol): A powerful antioxidant that helps protect hair and scalp from oxidative stress caused by pollution, UV, and heat styling. Supports moisture retention, promotes scalp comfort, and contributes to hair softness and resilience.

USAGE INSTRUCTIONS:

- I. Prep (optional, extra lift/texture): Mist Refined Salt Water from roots to ends. Air-dry for natural grit or blow/rough-dry for maximum volume and a drier base.
- II. Amount: Start with a fingertip's worth; warm between palms, then layer in small passes until the texture and hold feel right.
- III. Apply: Work through dry hair for maximum texture and a true matte finish, or towel-damp hair for a softer, more natural look.
- IV. Define: Rake for separation, pinch/twist to detail ends, and scrunch to build volume. Smooth sides with palms if you want cleaner lines.
- V. Pro tip: For lasting root lift (especially on finer hair), apply Refined Salt Water at the roots and blow-dry up and back, then press a small amount of clay through mids/ends and add tiny top-ups where more grip is needed.

INGREDIENTS: L1540C

Aqua (Water), Cera Alba, Kaolin, Polyglyceryl-3 Polyricinoleate, VP/VA Copolymer, Cetearyl Alcohol, Isopropyl Myristate, PEG-40 Hydrogenated Castor Oil, PEG-7 Glyceryl Cocoate, Glycerin, Parfum (Fragrance), Pinene, Sodium Benzoate, Phenoxyethanol, Potassium Sorbate, Caprylyl Glycol, Tocopherol, Limonene, Linalool, Linalyl Acetate, Terpinolene, Sodium Sulfate, Cl 19140.

Kaolin Clay + Vitamin E Medium hold & Matte Finish

Builds visible texture and separation without stiffness

Medium hold that stays flexible and brushable

Matte finish that reduces unwanted shine

Helps absorb excess oil to keep hair looking fresh

Smooth application; no tugging or stickiness

Rinses out easily with water; no heavy build-up

60 ml. glass jar

Crystal Pomade

MODERN, WATER-BASED POMADE

/ HIGH-SHINE FINISH / PLIABLE CONTROL

A sleek, water-based pomade that makes styling smooth and precise with a high-shine finish. The gel-cream texture glides in without tugging, tames flyaways, and adds clean separation for combed or fingertip looks. Flexible and reworkable throughout the day; rinses out easily with water.

WHO IS IT FOR:

Short to medium lengths; all hair types (especially normal to coarse).

Ideal for classic side parts, slick-backs, loose pomps, and any style that calls for clean lines and glossy control.

HOLD: Medium and flexible

FINISH: High shine

KEY SELLING POINTS:

- High-shine polish without a greasy feel
- Medium, brushable hold that stays pliable
- Smooth application; no tugging or crunch
- Tames flyaways and defines with clean separation
- Water-based; washes out easily
- Non-flaking, easy to restyle

KEY INGREDIENTS:

Beeswax: Provides a flexible, durable hold for versatile styling without stiffness or flaking. Helps reduce moisture loss and adds structure without unwanted shine.

Hydrogenated Microcrystalline Cera: Known for its smooth texture and excellent binding capacity, it enhances product stability, improves reworkability, and supports long-lasting control in waxes and creams.

USAGE INSTRUCTIONS:

- Prep (optional): For the sleekest finish, apply to towel-damp hair. For extra volume, blow-dry first, then apply for glossy control.
- Amount: Start with a fingertip's worth; warm between palms until smooth. Layer in small passes until the control and shine feel right.
- Apply: Comb to shape for crisp, precise lines, or rake with fingers for relaxed, glossy separation.
- Build & refresh: Add small amounts to refine. Rework anytime – a light mist of water reactivates slip.
- Pro tip: For classic parts or slick-backs, set the shape on towel-damp hair with a comb, then finish with a tiny top-coat for maximum shine.

INGREDIENTS:

Aqua (Water), Ceteareth-20, PEG-7 Glyceryl Cocoate, Polysorbate 20, Cera Alba, Propylene Glycol, PEG-90 Glyceryl Isostearate, Parfum (Fragrance), Ricinus Communis Seed Oil, Phenoxyethanol, Pinene, Cera Microcristallina, Laureth-2, Neopentyl Glycol Diheptanoate, Limonene, Ethylhexylglycerin, Linalool, Isododecane, Argania Spinosa Kernel Oil, Cocos Nucifera Oil, Persea Gratissima Oil, Tocopherol, Linalyl Acetate, Helianthus Annuus Seed Oil, Terpinolene.

Microcrystalline + Argan Oil

Strong Hold & Shine

High-shine polish without a greasy feel

Medium, brushable hold that stays pliable

Smooth application; no tugging or crunch

Tames flyaways and defines with clean separation

Water-based; washes out easily

Non-flaking, easy to restyle

Refined Salt Water

TEXTURE MIST / BEACH WAVES / MATTE FINISH

A modern, salt-based texture spray that creates effortless, beachy movement with a dry, matte finish. It adds instant grip, lifts roots, and builds soft, lived-in separation – then dries fast without stickiness. Use on its own for tousled waves or as a primer under your go-to styler. Reworkable and easy to rinse out.

WHO IS IT FOR:

All hair types. Especially good for fine or flat hair needing lift, straight hair seeking wave, and wavy/curly hair that benefits from enhanced definition and a drier feel.

HOLD: Light-medium

FINISH: Natural matte

KEY SELLING POINTS:

- Instantly adds beachy texture and touchable grip
- Boosts volume and root lift without stiffness
- Matte, lived-in finish that reduces unwanted shine
- Quick-drying, non-sticky, and easy to layer
- Helps refresh day-two hair by countering excess surface oil
- Air-dry friendly; plays well with diffusers and other stylers

KEY INGREDIENTS:

Sodium Chloride (salt): Adds grit and texture for that classic “beach hair” feel.

Spirulina: Help keep hair feeling soft while you build texture.

USAGE INSTRUCTIONS:

- I. Shake well.
 - II. Mist from mid-lengths to ends, scrunch, and air-dry for natural waves or **diffuse** for extra volume.
 - III. Mist lightly, then scrunch or twist sections to amplify texture.
 - IV. For root volume, spray at the roots and rough-dry.
- Pro tip:** Start light – especially on fine hair – and layer as needed.

INGREDIENTS:

Aqua (Water), Alcohol Denat., Sodium Chloride, VP/VA Copolymer, AMP-Acrylates/Allyl Methacrylate Copolymer, C12-15 Pareth-12, Phenoxyethanol, Chondrus Crispus Extract, Caprylyl Glycol, Spirulina Platensis Extract, Malic Acid, Parfum (Fragrance), Citral, Citronellol, Coumarin, Farnesol, Geraniol, Limonene, Linalool.

Red Seaweed + Spirulina Texture, Grip & Body

- Instantly adds beachy texture and touchable grip
- Boosts volume and root lift without stiffness
- Matte, lived-in finish that reduces unwanted shine
- Quick-drying, non-sticky, and easy to layer
- Helps refresh day-two hair by countering excess surface oil
- Air-dry friendly; plays well with diffusers and other stylers

Liquified Clay Spray

LIGHTWEIGHT CLAY MIST / MATTE GRIP / BUILDABLE CONTROL

SHAKE WELL BEFORE USE!

A water-based clay texture spray that delivers effortless, lightweight grip with a true matte finish. It lifts roots, adds body, and creates a soft, lived-in separation, then dries quickly without stickiness. Use on its own for easy, tousled texture or as a primer under your favourite styler. Reworkable and easy to rinse out.

WHO IS IT FOR:

All hair types. Especially good for fine or flat hair needing lift and texture; straight hair seeking soft separation; and wavy/curly hair that benefits from a drier, matte feel.

HOLD: Light-medium, buildable

FINISH: Matte

KEY SELLING POINTS:

- Adds instant texture, grit, and root lift without weight
- Matte, shine-reducing finish for a clean, lived-in look
- Dries quickly; non-sticky and easy to layer
- Helps refresh day-two hair by countering excess surface oil
- Works as a stand-alone styler or pre-styling primer
- Reworkable, brushes out, and rinses easily

KEY INGREDIENTS:

Kaolin Clay: Adds body and dry, matte texture while helping absorb excess oil.

Sea Buckthorn: Antioxidant-supporting extracts that help keep hair looking healthy.

USAGE INSTRUCTIONS:

- I. Shake very well (10–15 seconds). This is a clay suspension: the heavier clay settles. If you don't shake, the first sprays will eject a concentrated burst of clay, permanently depleting the bottle and leaving mostly liquid, so it stops behaving like a clay spray.
- II A. Damp hair: Spray from roots to ends, then air-dry for natural texture or blow-dry/diffuse for extra lift.
- II B. Dry hair: Mist lightly, then scrunch or twist sections to amplify separation.
- III. Build: Layer gradually for more grip – roots for volume, mids/ends for piecey definition. Pro tip: Use as a pre-styler, then finish with your clay or pomade to lock in shape.

INGREDIENTS:

Aqua (Water), VP/VA Copolymer, Kaolin, Glycerin, PEG-40 Hydrogenated Castor Oil, Parfum (Fragrance), PEG-12 Dimethicone, Phenoxyethanol, Acrylates Copolymer, Panthenol, Butylene Glycol, Pinene, Limonene, Ethylhexylglycerin, Linalool, Hippophae Rhamnoides Fruit Extract, Sodium Hydroxide, Helianthus Annuus Seed Extract, PVP, Linalyl Acetate, Citric Acid, Terpinolene.

SINGLE SKU: A4LCS120DK | barcode:

Kaolin Clay + Sea Buckthorn Flexible Hold & Gritty Texture

- Adds instant texture, grit, and root lift without weight
- Matte, shine-reducing finish for a clean, lived-in look
- Dries quickly; non-sticky and easy to layer
- Helps refresh day-two hair by countering excess surface oil
- Works as a stand-alone styler or pre-styling primer
- Reworkable, brushes out, and rinses easily

Signature Beard Oil

SOFTENS, HYDRATES & BALANCES THE SKIN

Henri's Signature Beard Oil is crafted to nourish and style your beard while leaving a subtle signature scent. This premium oil softens the beard, hydrates the skin, and imparts a distinct, refreshing aroma.

BEARD OIL IS DESIGNED FOR:

All beard types and lengths – especially coarse, dry, or frizzy beards and the skin beneath that needs extra moisture and comfort. Ideal for daily softening, taming frizz, and adding a light, non-greasy shine. Can be used on its own or paired with a beard balm for extra control.

KEY SELLING POINTS:

- Softens and hydrates – makes the beard manageable and the skin supple (almond, jojoba, baobab, and sunflower oils).
- Soothes and balances the skin – counteracts dryness/itchiness and helps prevent beard dandruff (baobab + jojoba).
- Protects with a light, non-greasy finish – forms a moisture-locking barrier, boosting shine and resilience without weighing the hair down (Abysoft + sunflower).

KEY INGREDIENTS:

Almond Oil: A gentle, softening oil that nourishes both hair and scalp. Rich in fatty acids and vitamins A and E – smooths the hair fibres, reduces frizz, and makes hair easier to manage.

Sunflower oil: A lightweight conditioning oil rich in fatty acids and vitamin E. Helps soften the hair fibre, reduce frizz, and support a healthy-looking scalp. Absorbs easily without greasiness, making it suitable for daily styling and hydration.

Baobab Oil: An intensely nourishing oil extracted from the seeds of the baobab tree. Rich in omega fatty acids, vitamins, and antioxidants – restores softness, strengthens dry or fragile hair, and soothes the scalp. Absorbs easily without leaving a greasy feel.

Jojoba Oil: Helps balance oil production, conditions the beard, and comforts the skin beneath. It softens and detangles for easier styling, adds a subtle, healthy sheen, and absorbs quickly without a greasy feel – ideal for daily use. Balances and comforts the skin, softens coarse hairs, supports manageability, and delivers a lightweight, non-comedogenic finish.

USAGE INSTRUCTIONS:

- I. Prep: If needed, cleanse the beard and pat dry. Beard Oil works best on a clean, slightly damp or dry beard.
- II. Amount: Dispense 3–5 drops into the palm (shorter beards may require less; longer or coarser beards may need more). Warm the oil between your hands.
- III. Apply: Massage thoroughly into the beard, starting at the roots and working towards the ends. Ensure coverage down to the skin to nourish and hydrate beneath the beard.
- IV. Finish: Use fingers or a beard comb to distribute evenly and style as desired. For extra hold or control, layer with a beard balm.
- V. Reapply: Use daily or as needed. Reapply mid-day in drier climates or after washing the beard.

INGREDIENTS:

Prunus Amygdalus Dulcis Oil, Helianthus Annuus Hybrid Oil, Adansonia Digitata Seed Oil, Tocopherol, Crambe Abyssinica Seed Oil, Phytosterol, Simmondsia Chinensis Oil, Parfum, Pinene, Terpinolene, Linalyl Acetate, Linalool, Limonene.

Hinoki + Baobab + Abysoft

Hydrates & Nourishes

- Softens and hydrates – makes the beard manageable and the skin supple
- Soothes and balances the skin – counteracts dryness/itchiness and helps prevent beard dandruff
- Protects with a light, non-greasy finish – forms a moisture-locking barrier, boosting shine and resilience without weighing the hair down

Key Ingredients

SEA BUCKTHORN OIL

An antioxidant-rich botanical extract that helps support scalp and hair health. Adds lightweight nourishment while aiding in style longevity and freshness. Often used to reinforce the conditioning and protective benefits of matte and clay-based products.

SODIUM CHLORIDE, SALT

A mineral-derived texturiser that adds grit and structure for a tousled, beachy effect. Helps lift roots, mattify the surface, and improve styling grip – ideal for lightweight texture sprays and dry finish stylers.

KAOLIN CLAY

A naturally sourced clay that adds dry texture, structure, and visible separation. Helps absorb excess oil while delivering a soft matte finish that doesn't dull the hair. Gentle on the scalp and suitable for frequent use.

CASTOR OIL

A rich, conditioning oil that deeply hydrates and smooths. Creates a protective barrier to lock in moisture, supports a healthy scalp, and lends subtle shine without heaviness. Known for its soothing and anti-inflammatory properties.

BEESWAX

Provides a flexible, durable hold for versatile styling without stiffness or flaking. Helps reduce moisture loss and adds structure without unwanted shine.

MICROCRYSTALLINE WAX

A refined, high-density wax that reinforces hold and structure in styling products. Offers excellent shape memory and pliability, making it ideal for reworkable control. Enhances product texture and improves humidity resistance.

VITAMIN E (TOCOPHEROL)

A powerful antioxidant that helps protect hair and scalp from oxidative stress caused by pollution,

UV, and heat styling. Supports moisture retention, promotes scalp comfort, and contributes to hair softness and resilience.

ARGAN OIL

A luxurious oil high in essential fatty acids, vitamin E, and antioxidants. Helps smooth frizz, boost shine, and protect hair from environmental stressors. Lightweight and fast-absorbing, it supports softness without greasiness.

COCONUT OIL

A classic moisturising oil known for its rich emollient properties. Helps improve hair softness, reduce breakage, and enhance manageability. Forms a protective barrier that locks in hydration without adding excess weight or shine.

AVOCADO OIL

A deeply nourishing oil packed with oleic acid, vitamins, and antioxidants. Helps moisturise dry or coarse hair, smooth rough cuticles, and enhance softness and shine. Supports scalp comfort and resilience, especially in dry conditions.

SUNFLOWER OIL

A lightweight conditioning oil rich in fatty acids and vitamin E. Helps soften the hair fibre, reduce frizz, and support a healthy-looking scalp. Absorbs easily without greasiness, making it suitable for daily styling and hydration.

CARNAUBA WAX

A high-melting, plant-derived wax that adds structure and staying power to styling products. Helps increase hold and humidity resistance while contributing to a natural, non-greasy finish. Supports definition and long-lasting control without stiffness.

CANDELILLA WAX

A plant-based structuring agent that adds hold and shape without heaviness. Helps control flyaways and build separation with a low-gloss finish. Ideal for soft, reworkable styles that benefit from a lightweight wax feel.
